

SPOKANE COUNTY PROSECUTOR

# STEVE TUCKER

HAS A “PRESCRIPTION” FOR  
MEDICAL MARIJUANA PATIENTS

Under Steve Tucker’s supervision, Spokane County has commenced a taxpayer-funded vendetta against our voter-approved medical marijuana law, complete with police raids, arrests, and vigorous prosecution of medical marijuana collectives and clinics, in his attempt to “clarify” our state law.

This mean-spirited harassment of sick people is exactly why Washington voters passed I-692. Besides being a travesty of justice, these cases waste limited taxpayer dollars, and clog our already-overburdened court system. Please politely remind Steve Tucker that he was elected to make Spokane County a safer, more enjoyable place to live, and not to terrorize legal medical marijuana patients.
